## Summary

---

Aspiring Full Stack Software Developer with hands-on experience in developing web applications, chatbots, and AI projects. Proficient in Python, JavaScript, and modern frameworks, eager to contribute to innovative solutions.

## Education

---

**Savitribai Phule Pune University**, B.E. in Artificial Intelligence and Data Science. Dec 2021 – May 2025

**CGPA:** 8.25/10 **Coursework:** Computer Programming, Data Science, Artificial Intelligence.

## Experience

---

**Python Intern**, slash-mark, Remote. Dec 2023 – March 2024

- Designed and developed real-time Python applications, including chatbots and voice assistants, by leveraging Python libraries such as NLTK and SpeechRecognition.
- Utilized various Python libraries to create and implement interactive applications, showcasing a strong grasp of software development principles.
- Gained practical experience with the software development life cycle (SDLC) and version control systems like Git, enhancing a collaborative workflow.

## Projects

---

**Face Sketch to Image Generation Using Hybrid GAN** Jan 2025-April 2025 [GitHub](#)

- Developed a full-stack web application that converts face sketches into realistic images using a hybrid Generative Adversarial Network (GAN) architecture.
- Integrated the React.js and Chakra UI frontend with a Node.js and Express.js backend, leveraging both PyTorch and TensorFlow for model serving.

**Web Development Projects (Tic-Tac-Toe, Rock-Paper-Scissors)** [GitHub](#)

- Built and deployed interactive games using HTML, CSS, and JavaScript, focusing on practical application of frontend technologies.
- Successfully implemented DOM manipulation for dynamic gameplay and responsive design principles for a seamless user experience across devices.

**Amazon Webpage Clone** [GitHub](#)

- Developed a highly accurate static replica of Amazon's homepage, showcasing a strong command of HTML, CSS, and JavaScript.
- Implemented responsive design and UI/UX principles to ensure the cloned page was visually faithful and accessible across multiple screen sizes.

## Skills

---

**Languages:** HTML, CSS, JavaScript, Java, SQL, Python

**Technologies:** MySQL, Git, GitHub, React.js, Chakra UI, Express.js, Node.js
